

# Worldwide Debt Financing Trends

## Worldwide Diagnostic/Device Non-Bank Debt Financings

- Non-bank debt issuance has been solid in recent years but was stronger than historical levels in the first three quarters of 2025.

(1) As of September 30, 2025

Only Deals > \$25 million

# Worldwide Equity Financing Trends

## Dollar Value of Worldwide Diagnostic/Device Equity Issued

- Equity issuance historically has been limited due to the industry's limited equity financing needs.
